Dear Members and Friends:

As we approach autumn of this astonishing year, I find myself exhausted, short on patience and close to tears. What an extraordinary confluence of events: a global pandemic, racial injustice uprisings across the country, the worst California wildfires on record, overt internal threats to our democracy, and the most consequential presidential election in history.

One of these would be enough to bring us to our knees, but all together? Sequestered in my Oakland apartment with the windows sealed during a heat wave, I’m left to wonder what we are being prepared for.

The Buddhist scholar and deep ecologist, Joanna Macy, has called it the Great Turning. A global awakening to the dis-ease of our planet, our love of life and the revolution that can heal our world. Joanna says, “The most remarkable feature of this historical moment is not that we are on the way to destroying our world—we’ve actually been on the way quite a while. It is that we are beginning to wake up, as from a millenia-long sleep, to a whole new relationship to our world, to ourselves, and to each other.” The only way through, she says, is to feel the grief.

It has been my experience, and that of some favorite poets, that feeling the grief is a prerequisite for a reimagined future. Joy and hope live on the other side. The tears that come out of the blue are my soul’s way of signaling me to pay attention. Wake up to injustice. Bear witness to what is happening. Acknowledge what is lost. Imagine the possibilities. Demand a more equitable future.

This month, San Francisco Village staff and board members will begin working with a consultant to explore our organizational identity and values as they relate to racial justice, equity and inclusion. We are committed to identifying barriers, blind spots, and biases that unwittingly keep us stuck in a hierarchy of privilege. We intend for this
inquiry to influence all aspects of SFV: communications, programming, outreach and marketing, member and volunteer recruitment, member satisfaction, and long-term strategic planning. We look forward to bringing this transformational work to all of you as it unfolds.

Beginning this month, we’re delighted to offer a new program called Out of Frame, an intergenerational dialogue about racial equity using dance, storytelling, and theater arts. All minds, bodies, and creeds welcome. Also this month, learn about forest bathing, a simple yet powerful way to care for ourselves by reconnecting with nature, even from a computer screen. In response to several member requests, Sarah has arranged for a presentation from the YMCA about volunteering to support school-age children during this period of remote learning. And don’t miss Elaine Elinson, renowned author and beloved SFV writing coach, who will help us celebrate the 100th anniversary of the 19th Amendment. Thank you, Sarah, for your big-hearted, creative approach to our community’s well-being!

Stay well. Try a new program. Ask Jill to connect you with a young volunteer who will call you once in a while. It’s FUN!

Love,

Kate

Did You Know?

Vote!
The November 3rd Election Day is approaching and we want to remind all of you to exercise your constitutional right to vote! This year, all California residents registered to vote will receive a vote-by-mail ballot. If voting by mail, please make sure your envelope is signed, since only signed envelopes are counted. Voters can still vote in-person if they choose to. Polling places are expected to be accessible, secure, and safe.

More info about elections here: https://www.sos.ca.gov/elections/upcoming-elections/general-election-november-3-2020/

Essential Trip Card
The City of San Francisco is now offering the Essential Trip Card program for residents 65+. The program allows residents to get discounted taxi rides for essential trips such as grocery shopping or medical visits. For every $6 you load on your card, you will receive a $30 value, up to a monthly maximum value of $60. Simply call 311 to apply.
RSVPs Needed!
Now that all of our connections are virtual, RSVPs are necessary for you to receive the log on information. We request you RSVP at least 24 hours before a program to give staff time to respond. We try our best to accommodate last minute decisions, but it’s not always possible.

Request a Volunteer and Volunteer Opportunities
San Francisco Village is an intergenerational community that brings younger volunteers together with older members to learn from and care for each other. Before COVID 19, volunteers of all ages responded to requests for help with a ride to a medical appointment, assistance with laundry or grocery shopping, technology troubleshooting, a friendly conversation, or our monthly mailings.

Since sheltering-in-place began in mid-March, we have on-boarded more than 100 volunteers eager to support their older neighbors who are at higher risk of infection. It’s a humanitarian response motivated by empathy and civic love. A testimonial to the character of younger generations who understand that we’re all connected, and our future depends on working together. Our members continue to support each other as they are able.

Contact Jill Ellefsen at jill@sfvillage.org or (415) 387-1375 ext. 2 to sign up to receive our twice weekly emails detailing the many volunteer options available to you.

Reach out to Jill for help with:
- grocery shopping and essential errand running, (no contact delivery)
- online shopping assistance
- technology assistance by phone for help with Zoom or any other tech issues
- assistance connecting with your healthcare provider online (Telehealth)
- friendly caller connections
- outdoor gardening

SFV volunteers want to spend time with you!!!
Volunteers often report that they gain more than they give. They’re eager to connect, especially during this prolonged period of physical distancing. You’ll be doing someone else a favor by requesting their presence for:
- A little outdoor gardening
- A meet-up in a park for a masked walk
- A backyard or front porch visit

Get to know some kind-hearted neighbors you would otherwise not meet!

Concerned about the increased risk around cyber fraud that may impact you and your loved ones?

We live in an increasingly digital world where everything is conducted online. This has led to an increase in scammers stealing people’s online information, which enables them to defraud people and steal money from them. Family members of the recently deceased are also vulnerable. Questions to be addressed include:

• How do we identify potential scammers online?
• What can we do to protect ourselves?
• If a family member dies or becomes incapacitated, why is it important to clean up their digital accounts and identities?
• How do we manage and clean up our digital identities?

Maria Pienaar currently serves on the Board for Cyber Security startup iCrypto (USA), and she previously served on the Board of Directors of The Number Porting Company (South Africa). She is a Founding Partner of Blue Label Ventures, whose portfolio focuses on investments in Digital Health, IOT, Cyber Security, and Fintech (including Insurance Tech). We will begin with the end in mind - planning ahead for your ultimate passing - in order to make things easier for friends and family. Pre-planning allows your loved ones to know your wishes without having to guess. Katherine Santini, from Neptune Society, will cover what to consider when putting a plan in place: when to create it, what should it include, the benefits and alternatives. An SFV member, who just completed a plan with Katherine, commented that she now has greater peace of mind. For more information, contact Betty Burr.

We’ll be catching up with each other and selecting our theme for the year—a challenging task during the uncertainties of this pandemic!! We need the flexibility to explore our theme through online resources until it is deemed safe to explore in person. We’ve thought of several possibilities, including: sharing our very favorite travel adventures and experiences, hopefully with some photos; continuing on with our ethnic arts and culture theme with Russian, Chinese, and Japanese cultures; exploring local religious institutions; learning about SF’s public works facilities; and animals—of the sea, the air, and the land. We also welcome suggestions from the group members—so keep your eyes and ears and minds open!
Thank you, Patricia, for all your work building our community in the outer Richmond! We’re looking for a new circle leader. Please contact Jill if you would like to learn more.

**Pedestrian Safety: A New Initiative**

Do you know how often the city inspects each sidewalk in SF for cracks and needed repairs? I surely didn’t. It’s once every 25 years!!! In between, repairs are only made when someone files a 311 report.

To address the urgent need for repairs, Community Living Campaign is initiating a sidewalk search party effort. The “quacked sidewalks” campaign, will award prizes in a variety of categories: worst sidewalk, narrowest sidewalk, worst ramp, and many others.

For older adults, maintaining smooth, level, wide, and generally passable sidewalks is essential to our quality of life. We all know how a nasty sidewalk fall can impact us long-term or even permanently. Please help with this effort! You can access information and contest rules, as well as detailed information about reporting damaged sidewalks through 311 by visiting the Community Living Campaign website for details.

Please let Juliet Rothman know if you have any questions. I’ve already filed my first report with 311 and am eagerly awaiting their assessment through the 311 tracking system!

**Me and White Supremacy book group**

After the murder of George Floyd, much has been said about white supremacy, privilege, and entitlement. Becoming aware of how our life experiences have shaped our attitudes toward others could be the first step in becoming an anti-racist. I would like to explore this idea and hope there are other SFV members who want to work with me. I want to journal through a workbook that is part of the book, *Me and White Supremacy: Combat Racism, Change the World, and Become a Good Ancestor*. I have the whole book on my Kindle, but the workbook can be found on the internet, and I can send it to anyone who wants a copy. Please let me know if you want to go on this journey with me. It might be one of the most important journeys of our lives!

**Intergenerational Conversations: Life During a Pandemic**

*Tuesday, September 22, 5:30 PM*

RSVP with *My Life My Stories* or by emailing Brittany brittany@mylifemystories.org

My Life, My Stories is a non-profit dedicated to bringing people of all ages together in a safe space to share and learn. It’s our mission to offer opportunities for our intergenerational community to be honest and open with one another during a time that is filled with so much tragedy and suffering.

Please join us for our next virtual intergenerational event to share our personal experience with
living in a pandemic. Older adults are most at risk of dying from COVID-19 and many feel the effects of prolonged physical distancing. Many working adults have been unemployed for months and young adults are going back to school or trying to start a career in the middle of a world health crisis. How are these experiences and challenges the same or different?

We'll have the opportunity to hear from an intergenerational panel and then we'll break out into small intergenerational discussion groups led by volunteer facilitators. If you are interested in joining the panel, please email info@mylifemystories.org. We'd like a high school or college student, a working adult, and an older adult share their unique experiences of life during the pandemic.

All we ask is that you be curious, respectful, and authentic.

Have you always wanted to write your memoir but didn’t know where to start? Have you got some poems tucked away in a drawer? Do you have an idea for a gripping novel? Or do you just want to put pen to paper – wondering if poetry, an essay or a short story will emerge?

If you answered “yes” to any of these questions, we invite you to the San Francisco Village Writers’ Workshop.

We welcome writers of all levels and will try different writing styles – from memoir, to poetry to short and long fiction. We will explore poets and authors that resonate with us – and try to figure out how they transfer their experiences, thoughts and feelings to the written page. And we will, to paraphrase poet Robert Frost, learn how to “surprise our readers, and ourselves, with our words.”

The Writers’ Workshop is led by writer and journalist Elaine Elinson, author of the award-winning Wherever There’s a Fight and former editor of the ACLU News. Elinson, has led writing workshops at SFV since 2015. We will have six 1.5 hour sessions on ZOOM.

We welcome those who have been part of the Writers Workshop in the past and we also welcome newcomers! No experience necessary!

*There are significant moments in everyone’s day that can make literature. That’s what you ought to write about.* (Raymond Carver, On Being a Writer).
Due to the COVID-19 pandemic, all of our programs are offered virtually.

Please note that the programs and events listed in this newsletter are offered to members of San Francisco Village. To learn more about registering for membership, please contact Jill Ellefsen (listed below).
