Dear Members and Friends:

As we emerge from this long hibernation, I realize that it’s going to take time to find a new rhythm. We had just learned to cope with the changes brought on by the pandemic, now we’re required to change again. In many ways it feels abrupt. My body rebels with tiredness and brain fog. I find myself calculating risks I never before considered: going to a movie theater, hugging my neighbor, working in a shared office. In some ways, we’re relearning how to be social.

I’m settling with the idea that it’s going to take time and I can’t control how long it takes. In fact, living life at a slower pace is one of the benefits of the past 16 months. I don’t want to rush head-long into the future, mistakenly thinking that we can go back to the way things were. We’ve been changed by this experience, as individuals and as a community. I don’t know to what extent, but I remain curious and open. As the writer Courtney Martin says, “The only thing to do is keep welcoming the beautiful unknown, however terrifying. Burn the old plans. Keep loving and questioning.”

Speaking of plans, last month I shared our plans for re-opening the office. The guidance keeps evolving, so here’s the latest:

- All SFV members and staff members are strongly encouraged to get fully vaccinated against Covid-19. Anyone entering the building is required to be vaccinated. We will not require vaccination records, but rather will rely on an honor system.
- Vaccinated persons are not required to wear a mask or maintain physical distancing inside the office. Vaccinated members and staff may continue to wear masks if they wish. Some program instructors may require masks, i.e. Tai Chi or Maintaining Mobility and members will be asked to comply with their wishes.
- In the event that someone arrives at our building and is not vaccinated, they will be required to wear a mask and maintain
physical distancing.

• Anyone who feels ill should not enter our building. That includes cold and flu symptoms. If a staff member, or member of the Village, tests positive for Covid-19, they should report it immediately to the Executive Director. SFV will follow CDC guidelines regarding exposure to the Covid-19 virus.

• The office will be professionally cleaned and sanitized once a week. Hand sanitizer and masks will be made available in the office.

• HVAC technicians have inspected the ventilation system and will make all necessary improvements, including installation of HEPA filters, to ensure proper ventilation. Portable air purifiers will also be available.

There are lots of ways for you to connect with other members this month, either on Zoom or in person. If you’re ready to venture outside, there is a walking group at Fort Mason, Soundwalk in Golden Gate Park and an Inner Richmond litter abatement group. The tai chi group will meet in person on Thursdays and Mondays on Zoom. The meditation group will continue to meet on Zoom with an in-person gathering July 19. On Wednesday the 28th we’ll be joined by two somatic psychotherapists who will help us navigate this unique transition. Slowly, slowly we walk back into the world.

Hope to see you soon!

Love,

Kate

In Solidarity
Racist attacks against Asian Americans, and Chinese Americans in particular, are on the rise, following a year of xenophobic rhetoric. From recent news reports we’re learning that older Asian Americans are especially targeted for violence.

Our hearts break for our neighbors fearful of leaving their homes, not knowing if they will be safe. Please contact Jill to request a volunteer to accompany you on a walk or trip to the local store. Please feel free to refer an older Asian neighbor or friend, whether or not they are a member of SFV: jill@sfvillage.org or 415-387-1375 x. 2

If you stand in solidarity with our Asian American neighbors, you may want to consider a contribution to one of many organizations fighting hate crimes. One such organization is Stop AAPI Hate and you can visit their website here https://stopaapihate.org/
Did You Know?
Office Closed
The San Francisco Village staff will be taking an extra long holiday weekend! We will be closed Friday, July 2 and Monday, July 5.

Welcome Leo!
Jessica and Vinny welcomed their sweet baby to the world on May 26-- Leonardo Atlas Carvalho DaSilva! The new parents are elated and exhausted, and extremely grateful for all the love they have received during this time. We could not be happier for them as they settle into life as a family of three!

New Event Online System!
You can now sign up for programs on our website! Check out https://www.sfvillage.org/events/. As we learn a new event system, developed by a local company called Mon Ami, you may receive double emails to ensure everyone receives the needed information. It’s recommended you add sfvillage@monami.io to your email contacts. If you are not receiving the automated email, please check your spam and reach out to staff. We’ll let the developers know and they’ll help us sort out the answers. Want to learn straight from the developers? Mon Ami is running a how to session July 22! Details on page 6.

Telephone Support Team
The recent Member Survey reveals that there are a number of SFV members who do not use a computer, the Internet or Zoom. They may be at higher risk for isolation and loneliness. In response, some other members suggested that we organize a telephone support team to make outbound calls on a regular basis. Great idea! If you are interested in volunteering to make calls, please contact Jill at 415-387-1375 x. 2 or jill@sfvillage.org

In Memoriam
Barbara Stevens
Shown seated on left, with Gladys Thatcher at our 2017 Grand Opening

Barbara Stevens was a smart and curious woman with a good heart. She was a longstanding member of SF Village, in fact, she was a founding member. For a time, but not recently, Barbara participated in our 94117 Neighborhood Circle. Not one for open ended sharing, she always wanted an interesting topic to discuss at Circle meetings.

Barbara loved to laugh. I often drove her home after our Circle get-togethers and she would tell me jokes. If she missed a meeting, Barbara would call me to ask how the meeting went, who was there, and what was discussed. She lived in a rambling house on Edgewood Terrace, way up the hill above Parnassus Avenue near UCSF. She lived in that house with her family since the 1950s.

In later years, Barbara had significant hearing loss. She never got used to her hearing aids, which sadly did not help her in communicating with
other people. But Barbara loved plants and flowers, and she was an avid member of the SF Botanical Garden. Whenever I drove her home, Barbara always wanted me to climb up the many steps to see her lush garden. I will miss her infectious laugh and her friendliness.

-Bill Haskell, 94117 Circle Leader

**Virtual Cuddle Club with Muttville**

**Wednesday, July 7, 2:00 – 3:00 PM**

RSVP to (415) 387-1375 or info@sfvillage.org to receive the Zoom link

Before COVID quarantine, Cuddle Club took place at Muttville’s headquarters, providing a social event for those who were unable to care for a dog. This was a fun opportunity for our guests to interact with dogs as well as to visit with one another. Muttville volunteers and staff discussed what we knew about each dog - age, health, breed, where it came from, etc., and the Mutts got to play, cuddle, sleep, run around or do other doggie things. If weather permitted and guests were interested, some Mutts went for a brief walk outdoors with senior guests.

While Virtual Cuddle Club doesn't currently provide actual “cuddling,” guests visit and learn about some of our Mutts virtually via Zoom. As we've learned with human interactions on Zoom, we work with what’s available and dogs are still sweet to “play” with via camera!

Muttville is able to accept senior Mutts during this unusual time, and they're being fostered by our terrific volunteers. Wonderfully, many Mutts are being adopted into forever homes during the quarantine.

Friday, July 16, 1:00 – 2:00 PM
RSVP to (415) 387-1375 or info@sfvillage.org to receive the Zoom link and telephone number.

What happens when the divine is given a body? Have gods created humans in their own image, or is it the other way around? Artworks from the Asian Art Museum’s renowned collection show how artists have envisioned
the divine, imbuing it with forms that are meant to reflect supernatural qualities. The presentation explores how ideal beauty is interpreted in different Asian cultures, how that beauty can be transformed by altering the forms of the body, how deities maintain their identity despite changes to their form, and how divine beings are represented after their death.

The Asian Art Museum of San Francisco connects art to life. Our mission is to inspire new ways of thinking by connecting diverse communities to historical and contemporary Asian art and culture through our world-class collection, exhibitions and programs.

Tuesday, July 20, 2:00 – 3:00 PM
RSVP to (415) 387-1375 or info@sfvillage.org to receive the Zoom link and telephone number.

San Francisco Planning Department is updating the City’s General Plan. The General Plan creates a roadmap for the City’s growth and changes over time. It consists of goals and policies that will help the City address topics such as racial and social equity, housing, mobility, safety, climate resilience, and land use.

How can we protect and strengthen all San Francisco neighborhoods from hazards and natural disasters?

The Safety and Resilience Element is one piece of the General Plan, and updating the element will provide a comprehensive set of policies for minimizing San Francisco’s contribution to the climate crisis and ensuring local resilience to multiple hazards. It will help protect the people and assets of San Francisco, especially areas and communities that face higher vulnerability to disasters.

We want to make sure that the updated Safety and Resilience Element benefits all San Franciscans. With your input, we can figure out how the Safety and Resilience Element can do this effectively and equitably. Join this briefing to learn about the components and proposed updates to the Element and help San Francisco Planning shape new, long-term policies for the future of San Francisco. Come with questions and ideas to amplify community safety and resilience.

We’ll practice increasing balance, strength, endurance, power in our gait and ease of movement. And we’ll do this with each other, that potent ingredient we thankfully have access to again.

And while we’re at it, we will explore reconnecting with others through human touch, giving and receiving, and coming fully alive to each other again.

Slow Looking: On Shape And Space
Thursday, July 1, 1:00 – 2:00 PM
First Thursday of each month
RSVP with Ruth’s Table
https://www.ruthstable.org/slow-looking-shape-and-space

Wonderful things happen when we slow down and engage deeply with works of art. Slow Looking is a monthly interactive program that invites participants to explore what we notice, wonder, and discover when we take the time to look closely and carefully.

In July, participants will explore two artworks from our recent exhibitions, Building Bridges: Breaking Barriers and Less is More. Through a series of guided activities, we will look at Teddy Milder’s Circling Duende (2013) and Howard Hersh’s Axis Mundi 19-2 (2019).
Bring your curiosity as we share our observations, perspectives, and questions about each artwork and examine each artist’s use of shape and space. This program is a part of monthly Slow Looking series that take place on the first Thursday of each month. By registering once, participants can attend any monthly session.
